

United States Pretrial Services

Internship / Volunteer Program

MISSION

The internship program serves to broaden the United States Pretrial Services Agency's commitment to providing the highest quality products to the United States District Court through investigations and leading the way in community supervision and safety.

U.S. Pretrial Services extends their commitment to servicing the community by selecting

college and university students to serve in a compensated or non-compensated (unpaid) student intern positions within our organization.

U.S. Pretrial Services provides internship opportunities throughout the year. Internships provide unique opportunities for students to increase their knowledge of the issues involving the federal criminal justice system. It is our mission to provide every intern with a sound foundation and understanding of U.S. Pretrial Services and the criminal justice system as a whole.

FUNCTION

The intern will be expected to complete all facets of the U.S. Pretrial Services Officer functions, including supervision of defendant, investigation work, case file management, drug testing, and other duties as required. Each intern will be assigned to a U.S. Pretrial Services Officer/Unit who will mentor each intern throughout the internship commitment term.
